### **TOKEN AND MEDAL AUCTION #37**

1. Bid the highest amount you are willing to pay for the lot. Your bid will be reduced to a 10% advance over the second highest bid. There is no limit to the amount that we will reduce a bid.
2. Bids under \$10.00 will not be reduced and bids will not be reduced to under \$10.00.
3. In instances where there are duplicate lots, you may bid on an either/or basis and indicate a preference if you like.
4. Some lots are reserved. The auctioneer will execute such reserves by bidding for the consignor through its representatives.
5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgment, affect the value of the item. However, we do make mistakes and will accept return when we are in error. On the other hand, capricious returns will not be tolerated.
6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. Bidders on the heavier medallic items who use post office boxes are urged to give us their street address for UPS delivery as their charges are often considerably less than the Postal Service.

### **AUCTION SUBSCRIPTIONS**

We have computerized our subscription list. If you will look at the computer address label you will note either a number, such as 37, or the letter "C" opposite your name. "37" means that your subscription to our sales expires with the publication of Auction #37 (this sale). If you note a "C", that indicates that your subscription is a complimentary one. These are given as a matter of courtesy to all dealers who request it. If you see neither a number nor the letter C, then this means that you have received a one-time only complimentary copy and that you will have to subscribe to receive future sales.

## *Presidential and Political*

- 568a. Sullivan PM 1796-7. Copper. Red and brown AU. A scarce Paine medalet which seldom appears in American auctions.
- 569. Baker 69. Proof-like Unc. Tiny edge nick. Minor spots. REPUB. AMERI. 2nd obverse. A strong portrait of Washington by Thomas Wyon.
- 570. Baker 78. VOLTAIRE MEDAL. 40mm Bronze. Nice XF/AU. This is one of the earliest medals of Washington. It was struck at Paris in 1778 by order of Voltaire. It presents an imaginary portrait of Washington since there was no authentic representation of him in Europe at the time. **PLATE.**
- 571. Baker 85. THE ECCLESTON MEDAL. XF. Several small edge nicks and minor field scratches. The obverse depicts Washington in a heavy suit of armor, "a singular conceit" notes Baker. The reverse has an Indian standing head downcast, with an arrow in his right hand and leaning on a bow. Insc., HE LAID THE FOUNDATION OF AMERICAN LIBERTY IN THE XVII CENTURY. INNUMERABLE MILLIONS YET UNBORN WILL VENERATE THE MEMORY OF THE MAN WHO ORDAINED THEIR COUNTRY'S FREEDOM. Surrounding the Indian at the center are the words, THE LAND WAS OURS.

A number of writers have correctly commented upon the subtle satire of this inscription. It is more a commentary on the expropriation of the Indian lands by the colonists than it is a tribute to Washington. One of the most popular and handsome of the early Washington medals. **PLATE.**

715. **1893 CLEVELAND-STEVENSON OFFICIAL INAUGURAL BADGE.** GC 1893-2. PUBLIC COMFORT Committee. A choice AU medal with both the main ribbon and the back ribbon intact. Again, with this medal, examples with full ribbons are exceedingly difficult to obtain.

724. Same as above, but a really nice uncirculated example with golden highlights.
725. **1917 WOODROW WILSON OFFICIAL INAUGURAL MEDAL.** WW 1917-3. Bronze. The so-called finished variety with Harris & Co. edgemark. XF condition with regard to wear. It appears that there has been an attempted puncture above the T in INAUGURATION. The top of the T has been repaired. Two dark spots remain over it and several smaller spots are on the letter. The normally dark brown patina which appears on the finished variety has been removed when the medal was cleaned after the repair. It now sports a light tan finish.
- In our last Sale, we ran an XF/AU example of this medal with minor field marks. It realized \$2500. We feel that this example should bring in the \$1000-1500 range. **PLATE.**

In our 35th Sale (1983) we sold an AU example of this medal for \$125.00. **PLATE.**
732. **1945 FRANKLIN D. ROOSEVELT OFFICIAL INAUGURAL MEDAL.** FDR 1945-3. Bronze AU. Just a hint of rub on the high spots.

741. **LYNDON B. JOHNSON VICE PRESIDENTIAL INAUGURAL MEDAL.** MacNeil JFK/LBJ 1961-2. Bronze Uniface. Uncirculated. A piece of green felt has been glued to the back to aid the medal in serving as a paperweight. According to MacNeil, a gold example of this medal was formally pre-

- sented to LBJ by the Official Inaugural Committee to placate him for not having his portrait on the Official Inaugural Medal by Manship. In our Sale #29, (1981). An example of this extremely rare 70mm medal brought \$550.
742. **KENNEDY/JOHNSON MEDAL WITH ERROR REVERSE.** About a year after the inaugural, the Robbins Co. offered the Krackowski medal described above to the public with a reverse using the Presidential and Vice Presidential seals. 60 medals in silver and 150 in bronze were struck with an error describing LBJ as the 38th rather than the 37th Vice President. This medal is an unevenly toned uncirculated example of the .999 silver "error" medal. It brought \$550 in our Sale #29.
743. Two uncirculated bronze specimens of the 70mm Krackowski medal, one with the error 38th designation and one with the corrected version.

751. **RARE "MARRIOTT" ENCASEMENT OF THE 1969 NIXON OFFICIAL INAUGURAL MEDAL.** As MacNeil notes, President Nixon had 500 of his bronze medals goldplated by the Balfour Co. and encased in a lucite block. A greeting from Nixon and his facsimile signature was stamped in gold at the base. The Chairman of the Inaugural Committee, Willare Marriott, also had a hundred pieces similarly made, but with his own signature, as gifts to friends and colleagues.
- The encasement here bears the name of the recipient with the words, WITH APPRECIATION below. A facsimile of Marriott's signature follows and his title CHAIRMAN, INAUGURAL COMMITTEE 1969. The encasement is housed in a plush leatherette box with the name of the recipient stamped in gold on the outside. Decidely rare and missing in most collections.

It was marketed by them as an unofficial inaugural medal and sold in tandem with a matching medal of Vice President Mondale.
771. **1981 RONALD REAGAN OFFICIAL INAUGURAL MEDAL IN GOLD.** RR 1981-2. Only 1381 of these gold medals were actually struck out of the intended 2,002 mintage. Unc. In original box. Issued for \$975.00.
772. Same, but struck in antique silver. RR 1981-5. Unc. In original box. Issued for \$275.00.
773. Same, but struck in bronze. RR 1981-7. Unc. in original box.
774. **1981 RONALD REAGAN OFFICIAL INAUGURAL MEDAL WITH UNLISTED EDGEMARK.** 70mm.

Bronze. AU. The medal is unfinished in that the matte surface has not been applied. The usual bronze medal has an edgemark that reads, "C MEDALLIC ART CO.-DANBURY, CT.-BRONZE". The edgemark here is INAUGURAL MEDAL COMMITTEE. Our supposition is that this medal was used as a vehicle for a trial stamping of this edgemark.

775. **1981 REAGAN OFFICIAL INAUGURAL MEDAL IN**

**BRONZE WITH "SILVER" EDGEMARK.** 70mm. Bronze. AU. Unfinished as with the prior lot. This is the regular 70mm bronze medal but with an edgemark that reads, C 1981 MEDALLIC ART CO.-DANBURY, CT.-.999 SILVER. Again, probably a trial striking of the edgemark.

776. 1981 OFFICIAL INAUGURAL POLICE BADGE—CAPITOL POLICE. OIPB-16. Uncirculated. Backmarked #1369.

- 939. IP-30. MILLARD FILLMORE. 76mm. Copper. XF/AU. Several tiny rim dents. The reverse design, a settler lecturing an Indian on the benefits of civilization, was the first departure from the standard Peace and Friendship reverse.

- 941. IP-36. JAMES BUCHANAN. 76mm. Copper. Choice AU.

Light patch of discoloration on the hair above the ear and on the border between 8 & 9:00 on the reverse. **PLATE.**
- 943. IP-42. ULYSSES S. GRANT. 62mm. Copper. Choice Uncirculated. A superbly designed medal. This medal is also distinctive in that it is the only peace medal that does not mention the name of the President that it honors.

Rx: INAUGURATED/PRESIDENT/OFF THE/UNITED STATES/MARCH 4-1897 within wreath with fasces below. This is the first term medal which is no longer made at the Mint. Scarce and desirable.
- 959. 1901 WILLIAM McKINLEY PRESIDENTIAL MEDAL. 76mm. bronze. XF with both obverse and reverse discoloration.

This medal has been finished in an unusual greenish patina which the Mint used only for a few years at the turn of the century. Obv: Bust left of McKinley. Rx: Dates of his inaugurations and of his death.

- 960. **RARE 1901 THEODORE ROOSEVELT PRESIDENTIAL MEDAL.** 76mm. Bronze. Charles Barber, sc. Brownish-green finish. Obv: THEODORE ROOSEVELT bust left. Rx: INAUGURATED/PRESIDENT/OFF THE/UNITED STATES/SEPTEMBER 14, 1901.

This is one of the most elusive of the 20th century Presidential medals. It was issued for only a few years following TR's succession after the assassination of William McKinley. Prior auction records in the \$150-175 range. Rare and desirable—we have actually handled more of the TR Inaugural medals by St. Gaudens (\$5500+) than we have of this medal. **PLATE.**

## MILITARY MEDALS

- 961. MI-1, Baker 49. WASHINGTON BEFORE BOSTON. 65mm. Copper. Pierre Simon DuVivier, sc. Mahogany finish. Unc. Two small obverse spots, one on the neck and the other below the A in AMERICA.
- 962. MI-3. GENERAL ANTHONY WAYNE. 55mm. copper. Inc. Attractive reddish brown finish. The original Wayne dies were lost before 1800 and only a few specimens from these dies are known. New dies were cut at the Mint in 1887 and through 1904, only 47 specimens were struck. This is a most handsome example from these dies. **PLATE.**
- 963. MI-8. LT. COL. WILLIAM WASHINGTON. 47mm. Copper. Pierre Simon DuVivier, sc. Nice AU. Edge mark of a pointing hand indicates that this medal was struck from the original dies at the Paris Mint between 1845 and 1860.
- 964. MI-9. LT. COL. JOHN EGAR HOWARD. 47mm. Copper. Pierre Simon DuVivier, sc. Choice uncirculated striking from the original dies at the Paris Mint. The lack of an edge mark indicates it was struck prior to 1841.

965. As above but with a pointing hand (1845-60) edge mark. Nice AU.
- ✓ 966. MI-14. MAJOR GENERAL WILLIAM HENRY HARRISON. 65mm. Copper. M. Furst, sc. Satin brown finish. Uncirculated. Several very tiny rim nicks and several relatively minor rx. field marks.
- ✓ 967. Same as above but AU. Just a bit of rub on the high points.

969. MI-23. MAJOR GENERAL ZACHARY TAYLOR. 64mm. Copper. John T. Battin, sc. A nice AU example of the medal awarded Taylor for this victory at Monterey. Only 148 medals struck from these original dies.
970. MI-32. NEW YORK STATE VOLUNTEERS. 37mm. Copper. G. Lorkle(?), sc. AU. Obv: PER ARDUA SURGO above two robed women seated, leaning on a shield surmounted by an eagle. The woman of the left is holding a pole with a liberty cap on top. The woman on the right is holding a set of scales. At their feet is a cornucopia and a beehive. In the distance is a ship to either side. In exergue, STATE OF NEW YORK, 1865. Rx: PRESENTED TO/ (space for engraving)/BY R. E. FENTON/GOVERNOR/OF THE STATE OF NEW YORK/IN PURSUANCE OF/CONCURRENT RESOLUTIONS/OF THE/LEGISLATURE/AS A MEMENTO/OF THE/COURAGE AND FIDELITY/WITH WHICH HE HAS SERVED/THE STATE/DURING THE WAR OF THE REBELLION.

The only recent auction appearance of this medal was an uncirculated but stained specimen in the B&R New York Public Library Sale in 1982 which brought \$275. **PLATE.**

971. MI-32 but a uniface impression of the obverse. Unusual reeded edge. Gilt AU.

## NAVAL MEDALS

972. NA-4. CAPTAIN WILLIAM BAINBRIDGE. 65mm. Copper. M. Furst, sc. Nice uncirculated. Reverse battle scene between the Constitution and the Java.
973. NA-17. MASTER COMMANDANT OLIVER H. PERRY. 65mm. Copper. AU. Several spots and small rim dents. Still a most attractive example of this medal. The battle scene depicted on the reverse is from dies also used on the Jesse Elliott medal. Struck with replacement dies of 1869.
974. NA-19. MASTER COMMANDANT OLIVER H. PERRY. 59mm. Copper. M. Furst, sc. AU. Awarded for the Battle of Lake Erie.
975. NA-21. MASTER COMMANDANT OLIVER H. PERRY. 59mm. Copper. Unc. Struck with the 1969 obverse die and the original reverse die. The reverse die from which this medal was struck was

badly damaged around the borders. It is quite possible that this was one of the very last medals struck from this die. A fine display piece. **PLATE.**

## MINT AND TREASURY MEDALS

976. MT-2. ROBERT M. PATTERSON. 65mm. Copper. C. C. Wright, sc. Choice AU. A few very minor spots. Julian recalls Woodward's comment in the Hoffman Sale that the reverse bears an "excellent likeness of his (Patterson's) favorite snake".

983. PE-19, DeWitt GMcC 1864-2. GEORGE McCLELLAN. 39mm. copper. Nice Unc. campaign piece by George Lovett.
984. Same but white metal. Unc. A few small edge marks on the high rim. Julian says that the white metal examples were struck outside of the Mint.
985. PE-30, Storer #3097. DR. BENJAMIN RUSH OF PHILADELPHIA. 42mm. Copper. M. Furst, sc. XF/AU. Attractive brown coloring. Relatively minor obverse contact marks. On the reverse, there is a series of light zig-zag scratches above the clouds. They are obvious only with a glass.

This is a rare and historic medal. It was one of Furst's first medals executed in the US after he arrived in 1807. Dr. Rush was one of the most well known physicians in early America. He was a signor of the Declaration of Independence and Treasurer of the U.S. Mint from 1797 until his death in 1813. **PLATE.**

## Miscellaneous Medals

1039. **LIBERTAS AMERICANA MEDAL.** Betts 615. 47mm. Bronze. Commissioned by Benjamin Franklin and executed by Dupre at the Paris Mint. Attractive XF. Small rim bump at 8:30 on the obverse. On the reverse there are several light field scratches above the lion and some dark verdi-gris surrounding the child. These are mentioned for the sake of accuracy of description and do not appreciably affect the appearance of the medal.
- The Libertas medal is probably among our most famous early medals. It served as the model for the obverse design of our early copper coinage. About 200 pieces are thought to have been struck on bronze. This is a pleasing example and will fit nicely into the collection of some discriminating collector. **PLATE.**
1040. **BICENTENNIAL COPY OF THE LIBERTAS AMERICANA MEDAL, 1976.** 78mm. Silver (7.63 oz.). Unc. Struck at the Paris Mint. #0294. An exact copy (except for size) of the famous Libertas medal. Struck specially for our Bicentennial by the Paris Mint. Outstanding display piece. **PLATE.**

Rx: NATIONAL EXPOSITION OF RAILWAY APPLIANCES CHICAGO 1883 around. Within a central wreath, AWARDED TO/SEABURY & JOHNSON/FOR/BEST RAILWAY/SURGICAL DRESSINGS.
- This medal is unlisted by Julian. If indeed it was not struck at the U.S. Mint, the medal represents an unusual combination of the talents of these two men for a non-Mint medal. A similar, but unawarded, example was sold as #342 in our 34th Sale (5/14/83) for \$260.00. **PLATE.**
1044. **MAJESTIC DECLARATION OF INDEPENDENCE ELECTROTYPE PLAQUE.** A very high relief portrayal of the signing of the Declaration of Independence.
